Fifth Annual General Meeting of Global Compact Society, India President's Speech

Dear Members.

On behalf of my colleagues on the Governing Council of Global Compact Society, India I take pleasure to greet you all, and extend a warm welcome for joining this Annual General Meeting.

The Annual Activity Report for the year 2008-09 has been made available to you alongwith the notice of this meeting. I presume the same has been read.

The year 2008-09 was an eventful year in which the most important activity, to my mind, was adoption of the Strategic Plan that provides us with a roadmap upto 2015. I am given to understand that this makes us the first Global Compact Network globally to have formulated and adopted a formal Strategic Plan. An Annual Work Plan, based on the Strategic Plan for the current year has also been prepared. We are therefore working purposefully on a pre-determined plan with tangible goals to measure our progress.

We were also able to enlist the support and association of three largest Industry Chambers FICCI, CII and ASSOCHAM, besides SCOPE and AIMA in the GCS Governing Council and its activities. This by itself is a distinct achievement and we

5th AGM of Global Compact Society

are truly grateful to these institutions for lending support to the cause of Global Compact in India. We also signed an MOU with the UN Global Compact Office. This implies that GCS is now a recognized UN Network for India and is authorized to use the UNGC logo.

As part of our endeavour to strengthen the internal governance mechanism of GCS, we were able to formulate structured election rules and were accordingly able to conduct an election for the new General Council under the stewardship of Shri S.C. Tripathi, former Secretary, MoP&NG, who graciously agreed to conduct the elections as Returning Officer. With the new Governing Council in place, we have the added benefit of the leadership of Mr. Rana Som in South India, Mr. R.K. Saha in the East, Mr. Pattanaik in the North and Mrs. Beroz Gazdar in the West to drive our membership and GCS initiatives across the country and to establish greater collaboration and synergy with the Indian Industry and Indian Society.

We were also able to undertake a comprehensive review of the existing Memorandum of Association and Rules & Regulations of GCS, including change of name to Global Compact Network, in line with the practice of UNGC Office. We have proposed changes to further strengthen our internal governance mechanisms. This proposal is one of the Agenda for our consideration at this meeting today.

Our monthly meeting model has proven to be very successful. We have now commenced conducting these meetings outside Delhi with the first such meeting scheduled at Mumbai on 22nd July, 2009 to enable large participation by members across India.

An Annual Activity Plan 2009 – 10 and Budget is in-place as part of which we will shortly commence need and expectation assessment of members individually, geographically, as well as across sectors, so that as a Network we are able to generate collaboration opportunities and synergy amongst our member organizations.

While we acknowledge our achievements, there have been a few setbacks as well. We could not establish the Academic Centre at BITS Pilani that we had contemplated, primarily on account of inability to conclude modalities of mutual engagement. While we shall continue to pursue this opportunity, we are in the process of establishing a Working Group on the Principles of Responsible Management Education, as per the GCS Strategic Plan, a preliminary meeting with AIMA and PiC has already taken place and key Management Education Institutes are being contacted to enlist their support. This Working Group will be launched shortly.

Regrettably, a few of our members were de-listed by UN Global Compact for non-compliance with COP requirements. This year, we intend to accord greater focus on engaging with such members to bring them back to active participation and to ensure that our present membership remains robust, even as we strive to increase our membership.

I am informed by the GCS Secretariat that despite the downturn in the economy and its impact on the bottom lines of our corporates, we have received numerous inquiries and are actively engaged to bring such interested entities on-board the GC platform.

In terms of a few specific activities planned for the coming year:

• We intend to further improve our new website to make it a one-stop resource and a networking platform for member organizations

- To ensure greater compliance to COP requirements, we are organizing a Training of Trainers on Reporting for representatives of member organizations who would then voluntarily conduct further trainings
- We plan to hold the National Convention in Mumbai this year (Nov. 2009) in which we propose to focus on the role the Investor Community in strengthening Responsible Business Values in Indian Companies by committing to UNGC Principles
- We also plan to host an Asian Regional Global Compact Conclave in February 2010, which would be an opportunity to showcase to our Asian colleagues, the progress on integrating UNGC ideals that we have made and also learn form their experiences
- We also plan to create 'Working Groups' that would encourage knowledge exchange between the corporate India, academia and civil society for furthering sustainable development and abet in the achievement of the Millennium development goals

We, in the GCS, are focused on creating awareness about the UN Global Compact initiative in India as we believe that its ten universal principles are the parameters for ensuring sustainable business activity in the country. We continue to rely on the support of members and industry leaders to provide us with direction and support to our various endeavours.

We gratefully acknowledge the support of members who have enriched us with their experience and guidance and assure you all that we shall continue to work diligently towards making Global Compact Society, India a star performer in the UN Global Compact Networks constellation.

With Best Wishes

Yours sincerely,

(R.S. Sharma) President, GCS
