# PROGRAMME OVERVIEW

As ESG becomes central to responsible business, organizations must go beyond compliance to embrace ethical leadership rooted in transparency and accountability. To build this capacity, UN Global Compact Network India (UN GCNI) is launching a dedicated program to strengthen ESG leadership and compliance integrity.

This Full-Day Orientation acts as a curtain raiser to the upcoming 2-Day ESG Certificate Program, introducing participants to the core principles of ESG and ethics. Designed for professionals in MSMEs, high-risk sectors, and ESG functions, the session offers practical tools to identify and manage ESG-related risks while fostering values-driven decision-making.

## PROGRAMME BENEFITS

- Enhance ethical leadership through hands-on activities and real-world scenarios.
- Understand ESG as a strategic driver, not just a compliance requirement.
- Build crisis response skills for managing reputational and governance risks.
- Get a head start on advanced ESG learning with a strong foundation for the upcoming certificate program.

## TARGET GROUP

This program is designed for:

- ESG, Compliance & Risk Officers
- Corporate Leaders & Strategy Heads
- CSR & Sustainability Professionals
- Ethics & Legal Counsel Teams
- Young Professionals & Future ESG Leaders
