## ABOUT US

UN Global Compact Network India (UN GCNI), the Indian Local Network of the United Nations Global Compact (UNGC), New York, is the first Local Network established with full legal recognition. As the UNGC's local arm, UN GCNI has been acting as a country level platform in providing a robust forum for Indian businesses, academic institutions, and civil society organisations to join hands for strengthening responsible business practices.

Our 'Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption' provide a common ethical and practical framework for Corporate Responsibility and the 17 'Sustainable Development Goals (SDGs)' adopted in September 2015, by all 195 Member States of the United Nations including India.

At present, the Indian Network has a Pan-India membership of over 500 Leading Business and Non-Business Partners.
